

TAYLOR'S
INTERNATIONAL SCHOOL

RAISE THEM READY

WORLD-CLASS EDUCATION FOR TOMORROW

With over 30 years of success as an educational institution, Taylor's International School (TIS) has consistently led the way in providing an exceptional education based on the National Curriculum for England.

Our holistic approach cultivates balanced development, shaping students into well-rounded and purposeful leaders. Together with academic excellence, we emphasise character and essential skills development, fostering confidence to thrive in a future filled with boundless possibilities.

At TIS, we equip students with a relevant education, future-ready skills, a global mindset, and an unwavering passion for lifelong learning. We empower them to seize opportunities, overcome challenges, and make a meaningful impact on the world.

At TIS, we **raise our students ready** by embracing these core principles:

RELEVANCE

Providing education that is aligned with the real-world needs of today, and the demands of the future.

RESPONSIBILITY

Instilling responsibility and cultivating integrity, empathy, respect, and ethics in students.

RESILIENCE BUILDING

Encouraging growth mindsets that embrace mistakes and challenges as learning opportunities.

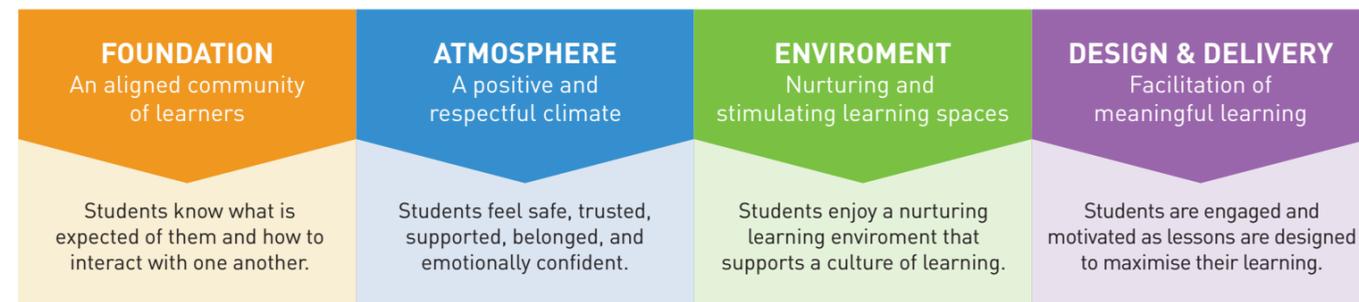

TIS REDEFINES EDUCATION

TIS provides an enriching global learning experience, and to make it more impactful, we seamlessly integrate the International Primary Curriculum (IPC) into our Primary School curriculum to build a solid foundation for students. Moving into the Secondary School, the students' learning journey culminates in the internationally recognised IGCSE exams from Cambridge Assessment International Education (CAIE) at the end of Year 11.

At the core of our education approach is Quantum Learning (QL), a research-based educational methodology that places a high emphasis on teacher effectiveness and nurtures lifelong learning. TIS proudly holds the distinction of being the first school in the world to receive the prestigious Quantum Learning Distinguished School (QLDS) award.

A. IMPACTFUL LEARNING

Learning at TIS is joyful, meaningful, and challenging. At TIS, we have four pillars to support our philosophy:-

B. HIGH-QUALITY TEACHING

All our teachers are Quantum Learning certified, and over 30% of them are master's degree holders. They engage in weekly professional development to enhance their skills, exchange best practices, and continuously innovate, ensuring their teaching methods remain both relevant and effective.

C. ESSENTIAL SKILLS AND CHARACTER DEVELOPMENT

We focus on the development of essential skills as they support lifelong learning, facilitate academic success, contribute to personal growth, develop problem-solving abilities, and foster collaboration. We help students enhance their personal competitive advantage and equip them with a solid foundation for success. This includes character building grounded in the best of eastern and western values, which is supported through fun and creative extracurricular activities such as sport, performing arts, recreational, and interest-based programmes.

D. A STRONG FOUNDATION IN THREE LANGUAGES

TIS students undergo language development in English, Bahasa Malaysia, and Mandarin from the Early Years up to Secondary School. We believe a strong foundation in these three languages will provide our students with a competitive edge on the global stage in the future.

ENG

English is the main medium of instruction across all levels. For IGCSE, the options in English are: Literature, First Language, and Second Language.

BM

Bahasa Malaysia is taught to all students until Year 9. It is a compulsory subject for all Malaysian students, and for IGCSE, they have the opportunity to take IGCSE Malay as a Foreign Language or a First Language.

中文

Mandarin is an integral part of the curriculum for all students until Year 9. For IGCSE, students have the option to select Mandarin: First Language, Second Language, or Foreign Language.

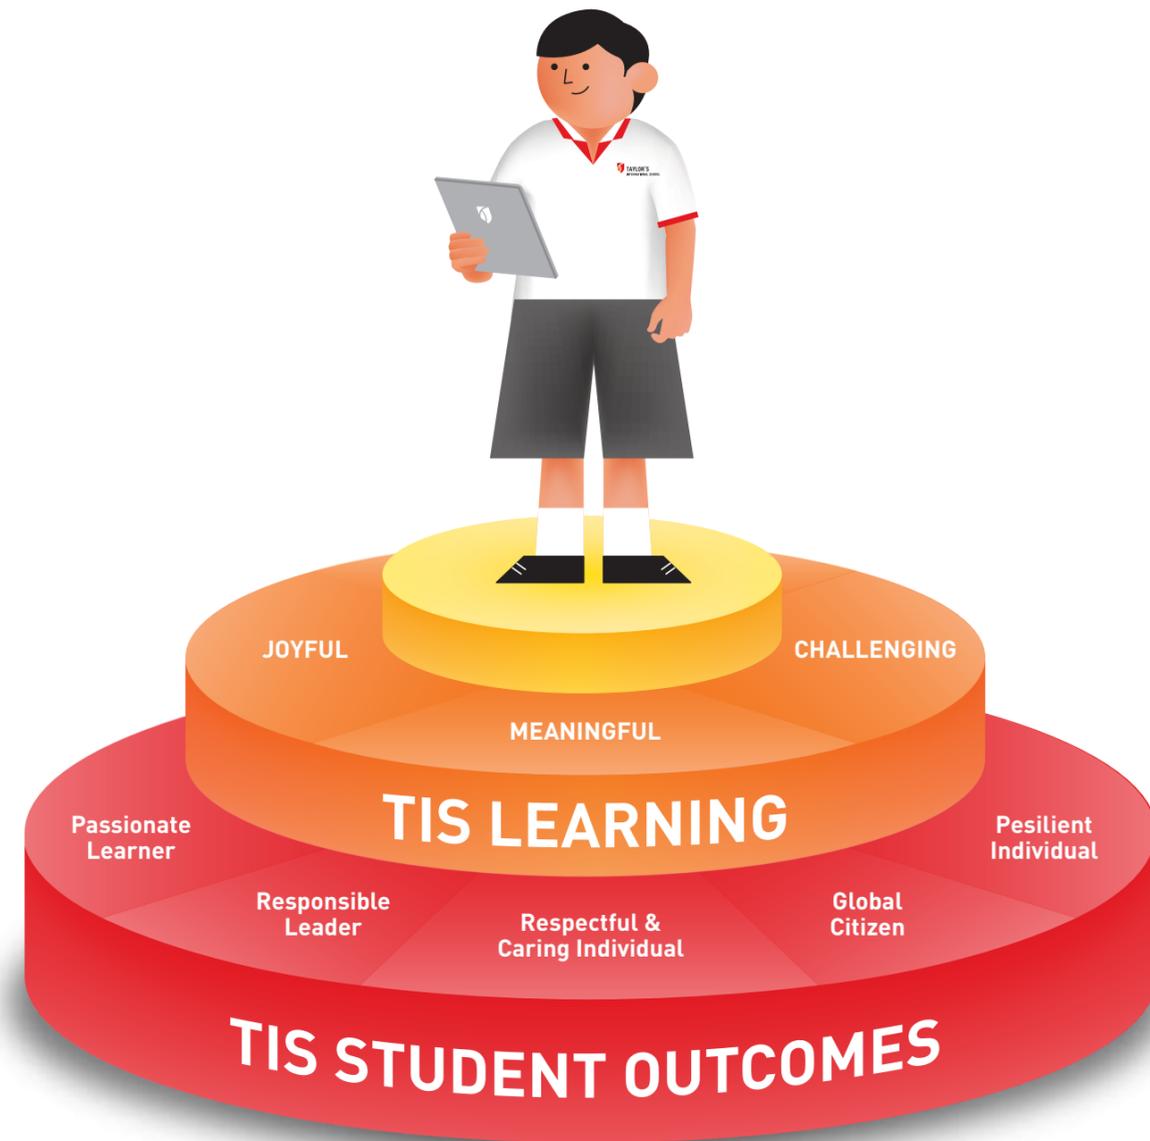

THE TIS BLUEPRINT FOR SUCCESS

OUR EDUCATION

- We deliver **ACADEMIC EXCELLENCE**
- We develop **CHARACTER**
- We build strong foundation in **3 LANGUAGES** (English, Bahasa Malaysia and Mandarin)

OUR APPROACH

- **IMPACTFUL TEACHING AND LEARNING**
- **CHARACTER DEVELOPMENT** grounded in the best of eastern and western values
- Cultivating **ESSENTIAL SKILLS** for students' future readiness and success
- Enabling students to explore their interest and build a **PORTFOLIO OF MICRO-CREDENTIALS**
- A **NURTURING ENVIRONMENT** for learning

OUR STUDENT OUTCOMES

Academic achievement on its own is insufficient to ensure children's success in the ever-competitive and evolving world of tomorrow. In fact, we believe a child's ability to make the most of future opportunities is best ensured by developing the following student outcomes. These qualities are firmly embedded in the learning at TIS.

RESPECTFUL AND CARING INDIVIDUALS

Respect, integrity, and morality are championed characteristics at TIS, and are emphasised in daily life at our schools.

RESPONSIBLE LEADERS

TIS students are instilled with leadership characteristics and exemplary behaviour to ready them for opportunities in the future.

GLOBAL CITIZENS

We foster appreciation for different cultures. Our students are exposed to borderless perspectives, allowing them to expand their knowledge.

PASSIONATE LEARNERS

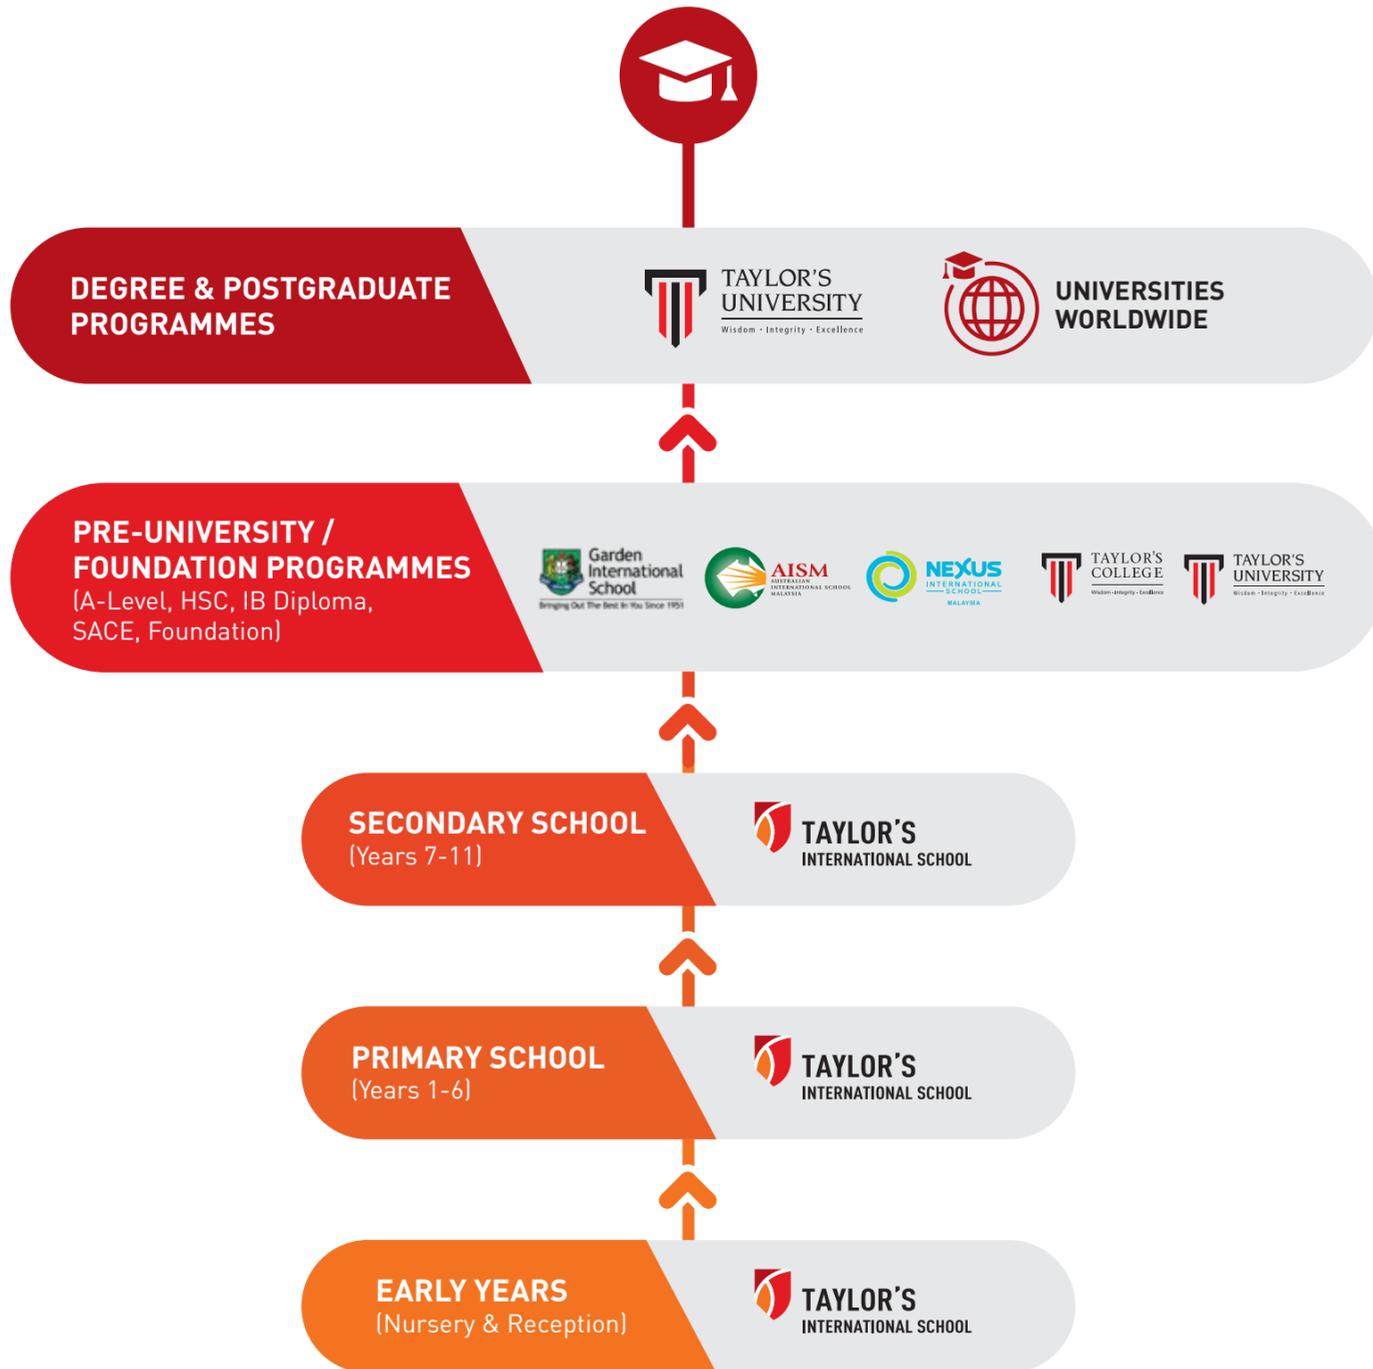

Our students are encouraged to be enthusiastic, inquisitive, and to take initiative in their daily encounters. We nurture a passion for learning that keeps them pushing for a breakthrough and a drive that never settles for less.

RESILIENT INDIVIDUALS

Our students are prepared to be confident, articulate, and analytical learners who welcome change and challenges in an ever-evolving environment. They are focused, independent, and enterprising problem solvers.

TAYLOR'S EDUCATION PATHWAY

TIS is your child's first step to an exceptional education journey that offers seamless progression from Early Years to the tertiary level.

HERITAGE OF EXCELLENCE

Taylor's Education Group is one of the oldest, most successful, and most reputable private education groups in Malaysia and the region. With its unsurpassed track record built over the last six decades, it has earned the reputation of being the centre of excellence for Early Years through to postgraduate education.

Taylor's Schools

A collaborative network of six award-winning international schools in Malaysia and Singapore.

- Taylor's International School, Kuala Lumpur
- Taylor's International School, Puchong
- Garden International School, Kuala Lumpur
- Nexus International School, Singapore
- Nexus International School, Malaysia
- Australian International School, Malaysia

Taylor's College

A centre of excellence for pre-university in Malaysia, renowned for its academic excellence and unbeatable track record in placing students in top universities around the world.

Taylor's University

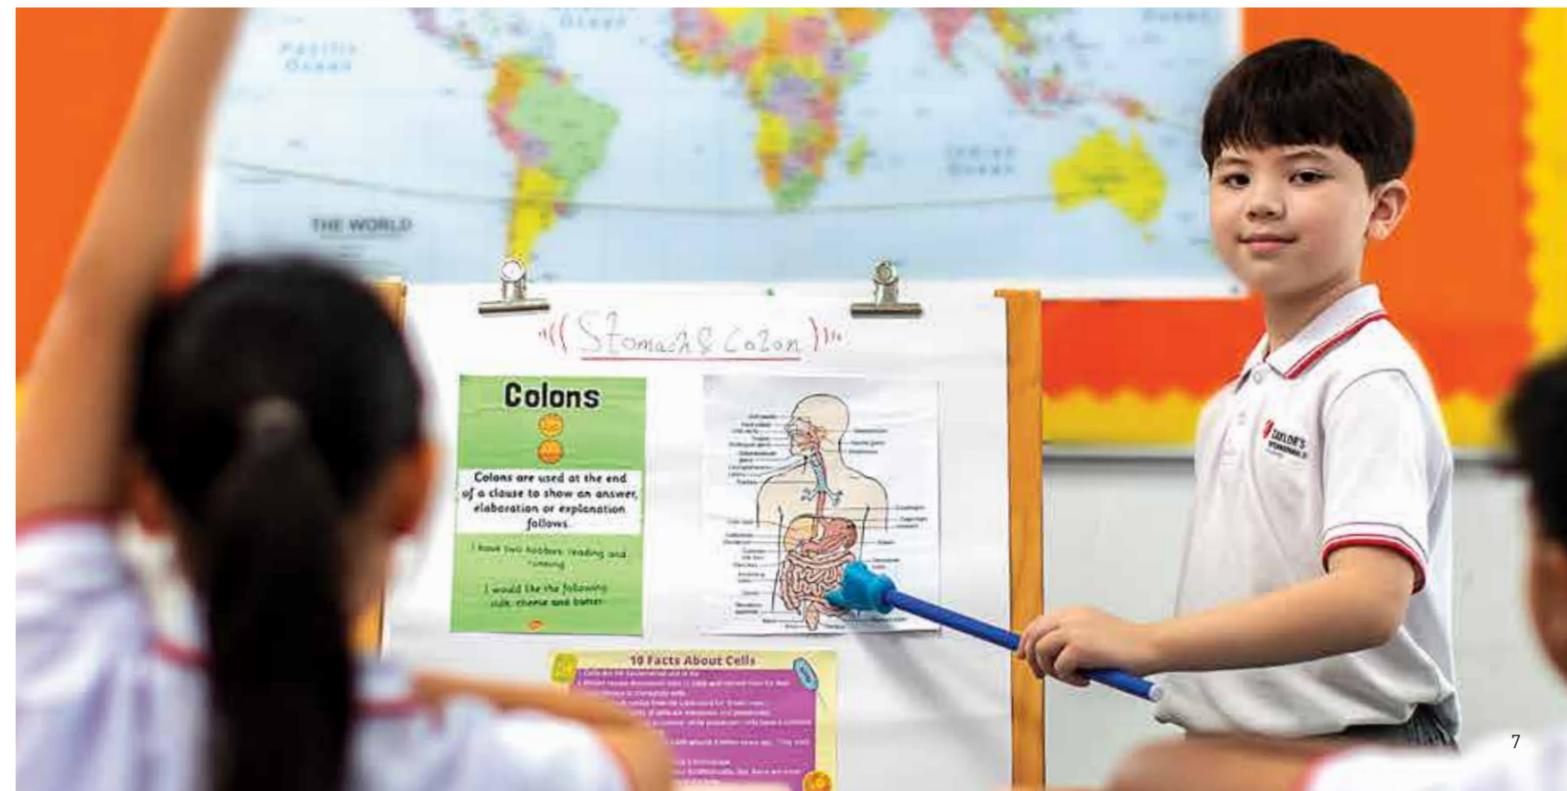

Taylor's University has received awards for its leadership and has been recognised as the number one private university in South East Asia and Malaysia. It offers Foundation Studies to Postgraduate Degrees.

FOUNDATION KEY STAGE

NURSERY AND RECEPTION

- Lays the foundation for Primary education
- Nurtures children's intellectual, creative, physical, social, and emotional development
- Implements the International Early Years Curriculum (IEYC)

THE 4 KEY LEARNING STRANDS:

Independence and Interdependence

Focuses on nurturing personal, social, and emotional development. Taylor's Core Values (R.E.C.I.P.E.) are instilled through this strand.

Communicating

Focuses on building communication skills through:

- Speaking and listening
- Reading
- Shape and measuring
- Writing
- ICT and computing
- Number
- Expressive arts and creativity

Enquiring

Focuses on developing the skills of enquiry through exploring people and the World.

Healthy Living and Physical Well-being

Focuses on developing a positive attitude to health, self-care, and physical activity.

KEY STAGES 1 & 2

YEARS 1 TO 6

- Introduces students to a wide range of subjects
- Embraces the International Primary Curriculum (IPC)

SUBJECTS

- Art
- Design and Technology*
- Geography
- History
- Information and Communications Technology (ICT)
- Languages (Bahasa Malaysia and Mandarin)
- Literacy (English)
- Mathematics
- Music
- Personal, Social, and Health Education (PSHE) / Agama
- Physical Education
- Science

*Only available at the Puchong Campus

KEY STAGES

3

YEARS 7 TO 9

- Prepares students to be more independent with added levels of responsibility
- Prepares students for IGCSE

SUBJECTS

- Arts and Design
- Bahasa Malaysia
- Drama
- English
- Geography
- Global Perspectives**
- History
- Information and Communications Technology*
- Design Technology**
- Mandarin
- Mathematics
- Music
- Physical Education
- Personal, Social, and Health Education (PSHE) / Agama
- Science

*Only available at the Kuala Lumpur Campus
**Only available at the Puchong Campus

KEY STAGES

4

YEARS 10 AND 11

- A 2-year programme that culminates in the IGCSE examinations

CORE SUBJECTS

- English Language
- Mathematics
- Science
 - Combined Science
 - Biology, Chemistry, and Physics
- Bahasa Malaysia (compulsory for Malaysians)
- Physical Education (non-examination)
- Personal, Social, and Health Education (PSHE) / Agama (non-examination)

ELECTIVE SUBJECTS

- Additional Mathematics
- Accounting*
- Art
- Business Studies
- Computer Science
- Design Technology*
- Drama
- Economics
- English literature
- Geography
- Global Perspectives
- History
- ICT
- Mandarin
- Music
- Physical Education

*Only available at the Puchong Campus

PERSONAL PATHWAYS

Personal Pathways is an empowering and student-directed programme available for Years 10 and 11. This unique option allows students to venture beyond the traditional IGCSE subjects and explore alternative areas of interest. By participating in Personal Pathways, students can build a diverse portfolio of micro-credentials that greatly enhance their college and university applications. It's an exceptional opportunity to showcase their passions and stand out among their peers.

Raising Learners with Aspirations to Make a Difference

At TIS, the CARE:MVM (Care Movement) initiatives permeate school life, inspiring and challenging every member of the community to embrace caring for the World, Others, and Self. From fostering eco-education to raising awareness of mental health and supporting others, we raise our students ready to take on responsibility and become catalysts for positive change.

Purpose Statement

To educate the youth of the world to take their productive place as leaders in the global community

Our Core Values

We believe in

Respecting and caring for each other

being dedicated to a culture of **Excellence**

openness in **Communication**

acting with **Integrity**

being **Passionate** in what we do

creating **Enjoyable** environments
