.....

A globally recognised hands-on programme for the professional development of teachers and education leaders

TAYLOR'S
INTERNATIONAL SCHOOL

QUANTUM
LEARNING
NETWORK

Taylor's University School of Education collaborates with Taylor's International School (TIS) to bring you Q-LIT, a tried and tested Professional and Practical Teaching Programme, which comprises a 3-day professional educator's workshop followed by an optional 12-week practicum involving mentoring and internship at TIS.

With Q-LIT, you will be exposed to an internationally recognised teaching practice and also gain practical and immersive experience with one of the largest international schools in Malaysia with a robust and diverse student body, TIS.

TIS is the first school in the world to be certified as a Quantum Learning Distinguished School by Quantum Learning Network, a well-established and leading educational organisation from the United States of America.

WHY QUANTUM LEARNING IN TEACHING (Q-LIT)?

Q-LIT is based on the Quantum Learning System - developed by the globally recognised Quantum Learning Network, which has over 35 years of success in education.

Neuroscience

The Quantum Learning System is a leader in the application of neuroscience to the classroom, which recognises the brain's natural learning system to stimulate and pique curiosity.

Global Recognition

Expertise from a global education organisation that has worked with more than 100,000 educators in schools around the world.

Professional Certification

Professional accreditation awarded by WASC Accrediting Association for Schools and Colleges.

Proven Track Record

The effectiveness of this system and the impact on students has been validated over 30 years of research.

Educators are Empowered

Q-LiT provides guidance and empowers educators, giving them full confidence and the support they need to grow into creative, exploratory and influential teachers.

Headstart in your Job Search

Q-LiT will make you stand out from a sea of resumes, as it exposes you to best teaching practices at Taylor's International School.
